Subject: REQUISITION OF NEW PERSONAL COMPUTER.

The undersigned is engaged in multiple tasking at the Commissioner office and the personal computer allotted to the undersigned has become increasingly obsolete and frequently experiences significant performance issues, including frequent system hang-ups. This has started to hinder my efficiency and often delayed the urgent nature of tasks.

2. A new and more reliable computer would greatly improve my ability to complete the tasks efficiently. I would appreciate if you consider my request and replace the current computer with a new one.
